

CAYMAN ISLANDS

ENDANGERED SPECIES PROTECTION AND PROPAGATION LAW

(1999 Revision)

Supplement No. 7 published with Gazette No. 16 of 2nd August, 1999.

PUBLISHING DETAILS

Law 21 of 1978 consolidated with Law 12 of 1983.

Revised under the authority of the Law Revision Law (1999 Revision).

Originally enacted-

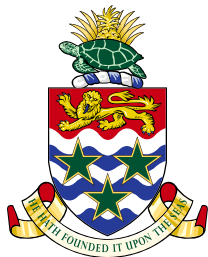

Law 21 of 1978-12th September, 1978

Law 12 of 1983-24th February, 1983.

Consolidated and revised this 8th day of June, 1999.

SCHEDULE	9
CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES OF WILD FAUNA AND FLORA	9

CAYMAN ISLANDS

ENDANGERED SPECIES PROTECTION AND PROPAGATION LAW

(1999 Revision)

ENACTED by the Legislature of the Cayman Islands.

Short title

1. This Law may be cited as the *Endangered Species Protection and Propagation Law (1999 Revision)*.

Definitions

2. In this Law —

“**live or dead animal**” and “**plant**” includes the parts and products thereof itemised in the Schedule; and

“**Governor**” means the Governor in Council.

Import and export of certain animals and plants prohibited

3. (1) The importation and exportation of live or dead animals and plants referred to in the Schedule is, subject to sections 4 and 8, prohibited.
- (2) Where a live or dead animal or plant of any of the families for the time being specified in Parts I and II of the Schedule or an article for the time being specified in Part III of the Schedule is being imported or exported or has been imported to any place in the Islands for the purpose of being exported, any customs officer may require any person possessing or having control of the animal, plant or article to furnish proof that its importation or exportation is or

was not unlawful by virtue of this section; and if such proof is not furnished to the satisfaction of such customs officer such animal, plant or article is liable to forfeiture.

Exceptions

4. (1) Section 3 has no application to live or dead animals or plants the subject of a licence issued by the Governor.
- (2) For the avoidance of doubt it is hereby declared that section 3 has no application to the bringing into the Islands of turtles taken within the fishery limits of the Islands if taking such turtles is customary and traditional and the turtles are intended only for consumption by persons within the Islands.

Licence application

5. Application for a licence under section 4 may be made to the Governor who may grant such a licence only upon the recommendation of the Chief Agricultural and Veterinary Officer.

Conditions of licences

6. Licences granted under section 4 are revocable by the Governor at any time and shall, in any event, expire after one year from the date of issue or after any shorter period therein specified and are subject to such general or special conditions as the Governor may impose including conditions as to the place and mode of import or export, the premises where the licensed animal or plant shall be kept when in the Islands and quarantine requirements.

Prohibition on killing

7. (1) The Governor may, by Order published in the Gazette, prohibit the killing within the Islands, the territorial waters or the fisheries zone thereof, and for such period as may be therein specified, of such animals, being animals listed in the Schedule, as are specified in such Order.
- (2) Whoever contravenes subsection (1) is guilty of an offence and liable on summary conviction to a fine of ten thousand dollars and to imprisonment for three years.
- (3) Where any offence under this section is committed by any company or other body corporate or by any society, association or body of persons, every person charged with or concerned or acting in control or management of the affairs of such company, body corporate, society, association or body of persons, shall also be guilty of such offence unless he proves that such offence was committed without his knowledge or consent and that he took all reasonable steps to prevent the commission of the offence.

Regulations

8. The Governor may make regulations prescribing —
- (a) the forms to be used for the purposes of this Law;
 - (b) fees upon application and the grant of licences;
 - (c) for the making and certification of products produced under licence;
 - (d) amendments to the Schedule; and
 - (e) such other matters as may be desirable for the implementation of this Law.

Offences

9. Whoever —
- (a) contravenes section 3;
 - (b) makes any statement orally or in writing or propounds any document in the truth of which he does not believe for the purpose of obtaining a licence or other advantage under this Law, the onus of showing his belief being upon him;
 - (c) handles, deals in or has in his possession any animal or plant introduced into the Islands in contravention of section 3; or
 - (d) contravenes any term or condition of a licence granted to him under this Law,
- is guilty of an offence and liable on summary conviction to a fine of eight hundred dollars and to imprisonment for two years.

SCHEDULE

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES OF WILD FAUNA AND FLORA

PART I

Interpretation:

1. Species included in this Part are referred to-
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation “spp.” is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purpose of information or classification only.
4. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, sub-species or species of that taxon are included in Part II and that these populations, sub-species or species are excluded from Part I.
5. The symbol (-) followed by a number placed against the name of a species or higher taxon indicates the exclusion from that species or taxon of designated geographically separate populations, sub-species or species as follows-
 - 101 Lemur catta
 - 102 Australian population.
6. The symbol (+) followed by a number placed against the name of a species denotes that only a designated geographically separate population or sub-species of that species is included in this Part as follows-
 - +201 Italian population only.
7. The symbol (+) placed against the name of a species or higher taxon indicates that the species concerned are protected in accordance with the International Whaling Commission’s schedule of 1972.

CARYOPHYLLACEAE	Caryophyllaceous (Pinks)	<i>Gymnocarpus przewalskii</i> <i>Melandrium mongolicum</i> <i>Silene mongolica</i> <i>Stellaria pulvinata</i>
CUPRESSACEAE	Cypress	<i>Pilgerodendron uviferum</i>
CYCADACEAE	Cycad (Fern & Palm)	<i>Encephalartos</i> spp. <i>Microcycas calocoma</i> <i>Stangeria eriopus</i>
GENTIANACEAE	Gentian (Rock plants)	<i>Prepusa hookeriana</i>
HUMIRIACEAE		<i>Vantanea barbourii</i>
JUGLANDACEAE	Jualandaceous (Walnut)	<i>Engelhardtia pterocarpa</i>
LEGUMINOSAE	Legume	<i>Ammopiptanthus mongolicum</i> <i>Cynometra hemitophylla</i> <i>Platymiscium pleinstachyum</i>
LILIACEAE	Lilaceous	<i>Aloe albida</i> <i>Aloe pillansii</i> <i>Aloe polyphylla</i> <i>Aloe thornicroftii</i> <i>Aloe vassii</i>
MELASTOMATACEAE		<i>Lavoisiera itambana</i>

MELIACEAE	Meliaceous (Mahogany)	Guarea longipetiola Tachigalia versicolor
MORACEAE	Moraceous (Breadfruit)	Batocarpus costaricense
ORCHIDACEAE	Orchid	Cattleya jongheana Cattleya skinneri Cattleya trianae Didiciea cunninghamii Laelia lobata Lycaste virginalis var. alba Peristeria elata
PINACEAE	Pinaceous (pine)	Abies guatamalensis Abies nebrodensis
PODOCARPACEAE	Podocarpaceous	Podocarpus costalis Podocarpus parlatorei
PROTEACEAE		Orothamnus zeyheri Protea odorata
RUBIACEAE	Rubiaceous (coffee)	Balmea stormae
SAXIFRAGACEAE (GROSSULARIACEAE)	Saxifrage	Ribes sardoum
TAXACEAE	Taxaceous (Yew)	Fitzroya cupressoides
ULMACEAE	Ulmaceous (Elm)	Celtis aetnensis
WELWITSCHIACEAE		Welwitschia bainesi
ZINGIBERACEAE	Zingiberaceous (Ginger)	Hedychium philippinense

PART II

Interpretation

- Species included in this Part are referred to:
 - by the name of the species; or
 - as being all of the species included in a higher taxon or designated part thereof.
- The abbreviation “spp.” is used to denote all the species of a higher taxon.
- Other references to taxa higher than species are for the purposes of information or classification only.
- An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, sub-species or species of that taxon are

included in Part I and that these populations, sub-species or species are excluded from Part II.

5. The symbol (#) followed by a number placed against the name of a species or higher taxon designates parts or derivatives which are specified in relation thereto for the purposes of the present Convention as follows:

#1 designates root

#2 designates timber

#3 designates trunks

6. The symbol (-) followed by a number placed against the name of a species or higher taxon indicates the exclusion from that species or taxon of designated geographically separate populations, sub-species, species or groups of species as follows:

-101 Species which are not succulents

7. The symbol (+) followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, sub-species or species of that species or taxon are included in this Part as follows:

+ 201 All North American sub-species

+ 202 New Zealand species

+ 203 All species of the family in the Americas

+ 204 Australian population

FLORA

APOCYNACEAE

Pachypodium spp.

ARABACEAE

Arabaceous (spikenard, ginseng)	Panax quinquefolium # 1
---------------------------------	-------------------------

ARAUCARIACEAE

Araucaria (pine, spruce, fir, etc.)	Araucaria araucana #2
-------------------------------------	-----------------------

CACTACEAE

Cactaceous (cactus family)	Cacteaceae spp. +203
----------------------------	----------------------

COMPOSITAE

Composite (daisy, etc.)	Rhipsalis spp. Saussurea lappa # 1
-------------------------	---------------------------------------

CYATHEACEAE

Cyatium	Cyathea (Hemitelea) capensis #3 Cyathea dredgei #3 Cyathea mexicana #3 Cyathea (Alsophila) salvinii #3
---------	--

DIOSCOREACEAE

Diosgenin	Dioscorea deltoidea # 1
-----------	-------------------------

EUPHORBIACEAE

Euphorbiaceous (aphobia)	Euphorbia spp. -101
--------------------------	---------------------

FAGACEAE

Fagaceous (birch, chestnut, oak)	Quercus copeyensis # 2
-----------------------------------	------------------------

LEGUMINOSAE

Leguminous	Thermopsis mongolica
------------	----------------------

LILIACEAE

Liliaceous (Lily family of plants)	Aloe spp.*
-------------------------------------	------------

MELIACEAE

Meliaceous (mahogany sp. cedar etc.)	Swietenia humilis # 2
--------------------------------------	-----------------------

ORCHIDACEAE

Orchideaceous (orchid)	spp.*
------------------------	-------

PALMAE

Palmaceous (palm)	Arenga ipot Phoenix hanceana var. philippinensis Zalacca clemensiana
-------------------	---

PORTULACACEAE	Portulcaceous-(purslane)	Anacampseros spp.
PRIMULACEAE	Primulaceous (Primrose)	Cyclamen spp.
SOLANACEAE	Solanaceous (tobacco)	Solanum sylvestris
STERCULIACEAE	Sterculiaceous (cacao, kola nut trees)	Basiloxylon excelsum #2
VERBENACEAE	Verbenaceous (lantana, teak, etc.)	Caryopteris mongolica
ZYGOPHYLLACEAE	Zygophyllaceous (bean)	Guaiacum sanctum # 2

PART III-ARTICLES THE IMPORTATION AND EXPORTATION OF WHICH ARE RESTRICTED

1. Any dead whale.
2. Whale meat (excluding guts, bladders, stomachs, blood and fat) and edible whale offals, whether fresh, chilled, frozen, salted, in brine, dried or smoked, but not if unfit for human consumption.
3. Whalebone, whether unworked or simply prepared but not if cut to shape, and hair and waste of whalebone.
4. Whale fat and whale oil (other than sperm oil) whether or not refined.
5. Whale meat extracts and whale meat juices.
6. Any bracelet made wholly or partly of the hair of any animal of the family Elephantidae.
7. Ivory derived from the tusks of any animal of the family Elephantidae whether unworked or simply prepared but not if cut to shape, and powder and waste thereof.
8. The horn of any animal of the family Rhinocerotidae, whether unworked or simply prepared but not if cut to shape, and powder and waste thereof.
9. The teeth of any animal, whether unworked or simply prepared but not if cut to shape, and powder and waste thereof.
10. The stuffed head, and the skull together with the skin covering it, of any animal of any of the families Elephantidae and Rhinocerotidae.
11. Raw furskins and hides or skins, tanned or dressed with the hair on, of any of the following animals and any rug, coverlet, coat, jacket, cape or stole derived from any such furskin, hide or skin, namely-

- (a) any animal of any of the following genera, namely-
Genetta Paradoxurus and Viverra;
- (b) any animal of any of the following species, namely-

Acinonyx jubatus	Felis paradalis	Mungos mungo
Arctogalidia trivigata	Felis planiceps	Panthera nebullosa
Chrotogala owstoni	Felis rubiginosa	Panthera onca
Crocuta crocuta	Felis serval	Panthera pardus
Felis benegalensis	Felis sylvestris	Panthera tigris
Felis colocolo	Felis tigrina	Panthera uncia
Felis geoffroyi	Felis viverina	Poiana richardsoni
Felis guigna	Felis wiedii	Ursus (Thalarctos)
		maritimus
Felis jacobita	Fassa fossa	Vicugna vicugna

<i>Felis marmorata</i>	<i>Hemigatus derbianus</i>	and
<i>Felis nigripes</i>	<i>Hyaena brunnea</i>	<i>Vivericula indica.</i>

12. The hair, whether or not carded or combed, of any animal of the species *Vicugna vicugna*.
13. Musk derived from any animal of the sub-species *Moschus moschiferus moschiferus*.
14. A raw hide or skin, whether fresh, salted, dried, pickled or limited and whether or not split, and the leather of any crocodile, lizard or snake.
15. The dried body of any animal of any of the families *Alligatoridae* and *Crocodylidae*.
16. The shell and scales, whether unworked or simply prepared but not if cut to shape, the waste of the shell and scales, and the claws, of any animal of the family *Cheloniidae*.
17. The preserved body of any animal of the sub-species *Antelopus varius zeteki*.
18. The whole shell of any animal of the species *Papustyla* (=Papuina) *pulcherrima*, whether unworked or simply prepared but not if cut to shape.
19. The feathers, or the skin of any other part with the feathers on it, of any of the following animals, namely-
 - (a) any animal of the family of *Paradisaeidae*; and
 - (b) any animal of the species *Gallus sonneratii*.
20. Any fishing fly containing the plumage of any animal of the species *Gallus sonneratii*.
21. The stem of any plant of the family *Cyatheaceae* and any article made wholly or partly of any such stem or stems.
22. Any collection of botanical or zoological items, or of both which contains any item referred to in any of the preceding paragraphs of this Schedule.

**Publication in consolidated and revised form authorised by the Governor in Council
this 8th day of June, 1999.**

Carmena H. Parsons
Clerk of Executive Council
